PRESIDENT IS "FEARFUL"

In reply to the appeal of the women to use his influence toward the passage of the Anti-Lynching bill, President Harding says he was "fearful" that the bill would not be passed during the present session giving as one of his excuses, the Tariff and Bonus bill which are now before the Senate.

The natural comment which enters the minds of those who are interested in the bill is that life is cheap. The preservation of life is the chief concern of the President and the Senate. And while we have some appreciation of the importance of the Tariff and Bonus bill, we would ask the question of those who make the laws, which is of more importance?

The colored people are peculiarly interested in the anti-lynching bill, because it is they and theirs who are victims. They know that as long as one of their number is lynched in Georgia or Texas with impunity, the life of a Negro is secure from mob law in New York or Massachusetts.

With out doubt, the power and influence of the President of the United States, and the power and influence of the leaders of the Republican party, which is now in power, we can see why the President should be "fearful" that any measure would not pass in which they were really interested.

We are informed that President Harding is in consultation daily with his Cabinet and party leaders about all such legislation in which he is interested. We are wondering what is he doing toward the anti-lynching bill?

As chief executive of the Nation, it is the duty of the President to be interested, not merely passive in those things which affect the Nation. If at this stage of the game, the President is fearful, we want to know is he "fearful" of doing his duty? Is he fearful that he will not have the courage to urge the Senate to pass a bill for the protection of life?

We hope that fear will be removed from the President's heart, and courage to do his duty will enable him to act speedily in the interest of humanity.

NO KU KLUX FOR US

It has been reported that the Imperial head of the Ku Klux Klan is now willing to revise the ritual of the Klan so as to admit Negroes and Jews.

In view of this news the Imperial head of the Klans, young Clark of Atlanta stated that this agreement was reached after a conference with Marcus Garvey who is President General of the U. N. I. A.

If Mr. Garvey made a promise with Mr. Clarke to deliver the Negro to the Klan, he is fooling not only Mr. Clarke, but he is fooling his own self.

The Negroes in this country are law abiding and peaceful while the Ku Klux Klan is an outlaw organization.

The Ku Kluxers are in line with the regular constituted authorities of the law and no doubt, but that they want the Negroes to join now to be used as a "cat's paw" to pull their "chestnuts" out of the fire.

The Ku Klux and the Negroes have nothing in common. They couldn't work together if they would. So Mr. Garvey or anyone else is losing time to even him a league between the two.

BREWSTER WINS IN MISSOURI

From Baltimore Herald

We congratulate our old friend, Brother Mitchell of The Argus and the Negro citizenship in Missouri over the apparent victory of R. E. Brewster in the Republican nomination.

Mr. Brewster has indeed bulk o the Negro Republican votes throughout Missouri and deserved them, as he came out flat footed and unequivocally for the Dyer Anti-Lynching Bill, and took advanced ground in favor of political and civic justice for the Negro.

From every part of the country, it seems that the Negro is awake and is voting for himself instead of mere party men. It is well.

SIGNS OF APPROACHING TROUBLE

By William Pickens

Storms do not drop out of a calm sky. They have their little heralds. When the cyclone is in the distance, the light breezes steadily increasing, precede it. The leaves rustle, loose bits of paper start and fly up. Anon the trees begin to sway and crackling and the roofs loosen up and fly about—and with these little warnings and disturbances the storm finally breaks on our heads.

There are signs of the approaching storm of a racial conflict in some northern communities. Colored people and white people who want to avoid this terror must begin "to look out" and when these causal signs, Southerners and Southern sentiment are seen in the same community as some basis even to assault, colored people on the case and in other public places, we know they are Southerners, because they so often say without any fear or cowardice of the expression, "If you where down where I come from" or "Where I live, niggers don't"—, or some similar expression to show that all they need to make them jump on a colored person is to have the assurance that 500 other white people will come to "lick him". And they are so dull that they do not see the cowardly reflection upon themselves.

The civilized white people in the North, who, we hope, do not want savagery, brutality and blood, had better look at their heads together to check these uncultured animals of both races and all colors. For there are naturally some colored people who are just as big fools as these fools from among the white and when two such opposing fools by chance come together there may be a spark which will light a great fire. The colored people, however, are naturally much more prudent in the public than the raw element from the South—for circumstances are against the colored man.

We have seen the signs of such conflict. In not one case out of ten was the colored person the aggressor. It can be said that as a rule the colored people respect the public rights of white people in public places.

Inter-racial committees should be organized among white and black in the North as well as in the South.

Of course there is something good in most men but the trouble is so few of us can see the good in others.

It is a mighty good thing that you cannot fool all the people all the time.

Despite the statement to the contrary it is me and my wife, my son John and his wife, for us and no more, with nearly everybody.

Another amusing fact is in this town—some people think that nothing can be done worthwhile without the holy kiss of their hands. What fools these mortals be!

While it is true that money plays an important part in the affairs of men, yet there are somethings that cannot be bought with money.

How about a "Truth Week." That is, everybody tell the truth just for one week.

Human Life At Its Cheapest

From St. Louis Globe-Democrat

The crews of trains passing through Huron and Williamson County, Illinois, and the men who ride in Kentucky have been notified that they are engaged in an activity which the element of competition and country life do not permit.

It is along the right of way convey a warning of much meaning to railroad men in the sight of the sight of workers by workers on June 21.

Another new phase of unheeding shows that Williamson County, unenlightened and unrepresentative, is prepared to resort to further forms of disorder, but it also means that the Negroes of the Illinois state authorities are too ready to consider to interfere in a great social situation which no local government is in a position to handle.

It is the Negro who is most inclined to be indifferent to offenses committed against them, people resident in the same section of the country.

Kentucky is destined for a use elsewhere, which activities of the National Guard department of the laws of Illinois are singularly defective.

If the citizens of one subdivision, if they have a community, may have subdivisions and reduce them to a state of semi-anarchy within running time, both strikes would still have unadjusted one issue growing out of the disturbance.

It is the situation in the industrial collision that has taken place in the history of American labor, and it is the same in Illinois.

IN MEMORIAM

In loving memory of our darling son Frank A. Wilkerson, who departed this life just one year ago August 3, 1921.

Sad and lonely was the call. Of one so dearly loved by all. Your memory is as sweet to day.

As in the hour you passed away.

Sadly missed by father and mother, aunt and uncles. Signed by Mrs. M. Wilkerson, mother.

W. E. Elliott, Minister.

RANDOLPH SPRINGS, MO.

Randolph Springs health resort is one of the best places on the globe for pleasure and health. The climate has been a banner one and long may this Spring of health and wave, and this year.

Quite a number of visitors from different parts of the world have visited the resort. The Tynes of Webster, who are in charge of the resort, are in charge of the comfort and care of the guests and visitors. Plenty of good music.

Of Three From Cubans

DETROIT, Mich., Aug. 12.—The Cuban Stars took the first game here Sunday in their series against the Detroit Stars, 10-3. The game for the Petway gang was battered rather freely and gave way to Wilson rather quickly but little better. The Detroit bunch had a hard time getting the ball in field and on the base path. Bode held the locals safe all the way and the islanders players played air-tight ball. Wilson had a hard time hitting for Indiana, while Mahoney was in trouble much of the way.

Todd Blount's crowd won the final 2 to 1, and although having the worst of it in the matter of hits in the second contest, managed to snare 6 to 2.
